REJECTION OF CLAIMS ON FORMAL MATTERS

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 1-5 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. With reference to claim 1, the subject matter is indefinite because the phrase “last ones” (line 9) is unclear. In this regard, the reference is vague because what constitutes the “last ones” has not been defined therefore “the last ones” is obscure. Failure to provide antecedence for “the last ones” also renders the subject matter vague. With further reference to claim 1, failure to provide antecedence for “first predetermined position” (line 13) renders the subject matter indefinite. As to claim 3, what constitutes “same valves” (line 3) is not clear. Relying upon the drawing reference numbers does not obviate the indefiniteness.

INDICATION OF ALLOWABLE SUBJECT MATTER

Claims 1-5 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.
